STATEMENT AND REPLY
PURSUANT TO 37 C.F.R. §§ 1.137(b)(2) AND (3)

Sir:

This Statement and Reply are made pursuant to 37 C.F.R. §§ 1.137(b)(2) and (3), on behalf of Applicants and assignee AVANT Immunotherapeutics, Inc. ("AVANT") in support of a Petition to revive the above-identified U.S. Application No. 09/523,033.

A Petition to Revive Under 37 C.F.R. § 1.137(b) and the fee according to 37 C.F.R. § 1.17(m) are submitted concurrently herewith. As this application was filed after June 8, 1995, no terminal disclaimer is believed to be required under 37 C.F.R. § 1.137(d).

A Notice of Abandonment (Paper No. 4) of this application was issued May 8, 2001, citing a failure of Applicants to reply to a Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures (Paper No. 3, dated October 4, 2000).

Reply Pursuant to 37 C.F.R. § 1.137(b)(2)

Pursuant to 37 C.F.R. § 1.137(b)(2), Applicants submit herewith a Reply to the Notice to Comply (Paper No. 3), which Reply consists of a paper copy and computer readable form (CRF) of a Sequence Listing containing three sequences (SEQ ID NOS:1-3) in compliance with the latest Patent Office provisions for submitting a Sequence Listing under 37 C.F.R. §§ 1.821 – 1.825. A preliminary amendment directing entry of the Sequence Listing into the specification and including a statement as to the identity of the paper copy and the CRF is also enclosed.

Statement Pursuant to 37 C.F.R. § 1.137(b)(3)

Applicants and current assignee AVANT believe revival of this application is proper under 37 C.F.R. § 1.137(b) for the following reason. During the time of the abandonment of this application, AVANT was engaged in good faith negotiations with Immune Response Corporation ("Immune Response"), the former assignee of this application, for the purpose of acquiring worldwide rights to the subject matter disclosed in U.S. Application No. 09/523,033. These negotiations culminated in an Assignment to AVANT of all rights in the Immune Response portfolio (see, copy of assignment in Tab A). The Assignment was recorded in the Patent Office on April 13, 2001 (Reel 11985, Frame 567). AVANT did not receive the application file from the former assignee until September 17, 2001, and was unaware until then that the U.S. Application Ser. No. 09/523,033 had gone abandoned for failure to submit a Sequence Listing. As the new owner of this invention has not had a full and fair opportunity to prosecute this invention before the United States Patent & Trademark Office, and did not intend that this application should be abandoned during its negotiation to acquire the right so to prosecute the invention, revival of the application to pending status is earnestly requested, in order to afford such opportunity to the new owner.

Accordingly, it is respectfully submitted that the delay in filing the enclosed reply and the resulting abandonment of this application from the due date of November 4, 2000 to the present is unintentional under 37 C.F.R. § 1.137(b).

In view of the above statement and the accompanying Sequence Listing in reply to the Notice to Comply, Applicants and assignee AVANT respectfully request that the delay by Applicants to reply to the Notice to Comply be deemed unintentional and that the enclosed Petition to Revive U.S. Application No. 09/523,033 under 37 C.F.R. § 1.137(b) be granted.

Respectfully submitted,
